

ISIDOG 2021

THE INTERNATIONAL SOCIETY FOR INFECTIOUS
DISEASES IN OBSTETRICS AND GYNAECOLOGY

ONLINE CONGRESS

14TH – 17TH OCTOBER, 2021

INTERNATIONAL
SOCIETY FOR

ISIDOG

INFECTIOUS
DISEASES IN
OBSTETRICS AND
GYNECOLOGY

Welcome Note

Dear Colleagues and Friends,

It is a great pleasure to invite you to the upcoming 4th Congress of the International Society for Infectious Diseases in Obstetrics and Gynecology, ISIDOG, to be held between 14th and 17th October, 2021 in Budapest, Hungary.

Due to the challenges of the global Sars-COV-2 pandemic and the still unknown proportion of vaccinated percentage by the time of our scheduled meeting, new methods of organization of our congress had to be introduced. Thus, an online meeting will be organized with members of the Board of ISIDOG on site, and those having interest in the magic world of infectious diseases in obstetrics and gynecology in front of the screens. Certainly, this novel frame of meeting needs a great deal of openness and flexibility from both participants and organizers in order not to miss the regular scientific platform to discuss new challenges in our field. Also the continued and unconditional support of our sponsors is crucial and most welcome. The structure of the conference is based on our familiar structure with a pre-congress National Day on 14th October held in Hungarian, followed by two days of the core ISIDOG meeting. On day 2 and 3 plenary sessions by invited speakers, lunch symposia, free communication and poster session will be presented. On Sunday an extremely exciting Science-Meets the Industry meeting will be organized.

What else could be the main topic of the 4th ISIDOG Congress in 2021 than Sars-COV-2 infections before, during and after pregnancy?

Additional topics include diagnosis and treatment of lower genital tract infections, role of non-antibiotic treatment of vaginal disorders, an update on Candida vaginitis, sexually transmitted viral and bacterial infections and latest data on HPV vaccination.

Pharma industry will find a wide spectrum of communication with the congress participants via online tools including short films, videos and web links to their new products and procedures. In addition, round table discussions for new drugs, antibiotics and novel treatment protocols as well as diagnostic methods will also be available.

On behalf of the Board of ISIDOG and the Hungarian Society of Obstetricians and Gynecologists as local organizer we truly hope that old and new friends of infectious diseases in obstetrics and gynecology will be motivated and enthusiastic to find a new occasion for get together and discuss latest data for the sake of women's health.

Look forward to greeting you in Budapest,

Prof. Dr. István Sziller
Congress Organizing Committee

Prof. Dr. Gilbert Donders
President of ISIDOG

General Information

Organizers

Hungarian Society for Obstetrics and Gynecology

Organizing Committee

Prof. G. Donders

Prof. L. Petricevic

Dr. P. Greenhouse

Prof. D. Rezeberga

Prof. W. Mendling

Local Organizing Committee

Prof. I. Sziller

Dr. V. Karászi

Dr. Zs. Melczer

Dr. A. Ujhazy

Dr. E. Balla

Main Topics

1. COVID infection before, during and after pregnancy
2. COVID infection and fertility
3. Vaginal microbiome in health and disease
4. HPV vaccination – update
5. Candida vaginitis – update
6. Intra-amniotic infection caused by bacteria and viruses
7. Chronic recurrent infections in out-patient gynecology
8. Bacterial STI's
9. Miscellaneous

Abstract Guide

1. Please indicate whether your paper has been submitted for publication or has been published.
2. Abstracts received within the deadline will be published in the abstract book.
3. Abstracts should be limited to 3000 characters, and may include a table or figure.
4. List the names of the authors, with affiliation, specify the presenting author.
5. Use structured abstract headings: Introduction/Aim - Methods/Patients - Results - Discussion
6. Abstracts should have no more than 6 references (to be counted in the maximum number of characters).
7. **Abstract deadline June 30, 2021.**
8. For presentation only slides with PC-compatible technology (MS Powerpoint) will be accepted.
9. Your abstract can only be considered after you registered and paid for the conference.

SUBMIT YOUR ABSTRACT:

Preliminary Program

October 14th Day #1

I. Pre-Congress Meeting for local participants

II. Opening Ceremony

III. Opening Plenary Lecture

October 15th Day #2

09:00 – 12:30 I. Plenary Sessions (#1 - #2)

12:30 – 14:00 II. Lunch Symposium #1

14:00 – 18:30 III. Plenary Sessions (#3 - #4)

IV. Free Communications #1

October 16th Day #3

09:00 – 12:30 I. Plenary Sessions (#5 - #6)

12:30 – 14:00 II. Lunch Symposium #2

14:00 – 18:30 III. Plenary Sessions (#7 - #8)

IV. Free Communications #2

October 17th Day #4

09:30 – 12:30 Science Meets Industry

Registration

Registration Fees

(including Hungarian VAT, 27%)

Registration fee	EUR 180
Registration fee for ISIDOG members	EUR 125
Pre-Congress registration fee (for Hungarian day)	EUR 50
Registration fee for residents, nurses	EUR 75
Reduced registration fee (dedicated countries only)	EUR 75

Registration Fee Includes

- access to all sessions
- digital handbook and abstract book
- recordings on-demand after the event till 31st December 2021
- access to virtual exhibition floor
- CME points

Payment

- by credit card
- bank transfer

Cancellation

Notice of cancellation must be received in writing before 1st October, 2021. EUR 25 administrative fee is nonrefundable. No refunds will be administered after 1st October, 2021. The cancellation policy is further defined on registration site in the Terms and Conditions.
