

48th

ONLINE

NES CONGRESS

7-8 October 2021

Welcome Note

Dear Colleagues and Friends!

It is a great honour that we can organize the upcoming congress of the Neurootological and Equilibrimetric Society (NES). We are cordially inviting you to the 48th NES Congress on behalf of the Technical and Scientific Organization Committee of the Society. The meeting will take place on the 7th to the 8th of October 2021.

Our intention was to arrange the congress in Paphos, Cyprus. Unfortunately, due to the COVID-19 pandemic, the congress will now be organized using a virtual model. The difficulties of the oversea traveling and planning the accommodation do not give us any other possibility than an online congress. However, next year we will organize safe, COVID-19 –free teaching courses with personal attendance, including sightseeing and tours in Cyprus. Attendants of this online congress will have the opportunity to take part live online, as well as offline later. All congress contributions will be available online for congress participants for three months after the event. Waiving the registration fee, PhD students and resident medical doctors from around the world will have the opportunity to present their work orally or in a e-poster session while developing their technical communication skills and networking with the persons who are interested in neurootology and equilibrimetry.

As a main international conference in the field of neurootology and equilibrimetrics, the 48th NES Congress is expected to stimulate further research in this field through the exchange of ideas and lively debate on state-of-the-art knowledge, as well as on knowledge gaps to be filled. The 48th NES Congress will feature plenary talks by world-renowned scientists and a variety of oral and e-poster sessions, focusing on the most pressing issues in our field of medicine.

Main topics to be discussed during the Congress:

- Clinical Neurootology, including pharmacotherapy and physical therapy
- Emergency diagnosis and treatment of vertigo and tinnitus
- Equilibrimetry
- Audiometry
- Tinnitology
- Olfactometry, Gustometry
- Neurosensorial degenerations in old age patients
- COVID-19 related olfactory dysfunctions
- COVID-19 related hearing and balance disorders
- Electromagnetic fields and applications in neurootology
- Free Papers

NES 2021

NES ONLINE CONGRESS
7-8 October 2021

We will also provide you with a taste of the Cypriot culture in the form of online events.

We are looking forward seeing you in October!

- Multidisciplinary approaches

Accreditation

- Application in process for Hungarian CME (OFTEX) credits
- Certificates will be provided after the conference

Abstract Guide

1. Please indicate whether your paper has been submitted for publication or has been published.
2. Abstracts received within the deadline will be published in the abstract book.
3. Abstracts should be limited to 3000 characters, and may include a table or figure.
4. List the names of the authors, with affiliation, specify the presenting author.
5. Use structured abstract headings: Introduction/Aim – Methods/Patients – Results – Discussion
6. Abstracts should have no more than 6 references (to be counted in the maximum number of characters).
7. **The deadline for abstract submission is 30th August, 2021.**
8. For presentation only slides with PC-compatible technology (MS Powerpoint) will be accepted.
9. Your abstract can only be considered after you registered and paid for the conference.

Registration

Registration fees

(including Hungarian VAT, 27%)

	Registration and Payment before July 31, 2021	Registration and Payment after August 1, 2021
NES Members	EUR 150	EUR 200
Non Members	EUR 250	EUR 300

Reduced Fee:

Audiologists, Medical staff, Retirees, Other	EUR 75	EUR 100
PhD Students, Resident doctors (Certificate required)	Free of charge	Free of charge

Registration Fee Include

- Access to all sessions
- Digital handbook and abstract book
- Recordings on-demand after the event till 31 December 2021.
- Access to virtual exhibition floor
- Certificate attendance
- Hungarian CME (OFTEX)

Payment

- By credit card
- Bank transfer

Methods of payment

A. Payment by **bank card** during online registration, on the online bank card interface provided by K&H Bank.

In case of unsuccessful payment (e.g., wrong CVC code, wrong SMS code for double authentication, mistyped bank account number), the system offers repeat payment as long as the browser window remains open. Should the browser window be closed, registration for the event will not be stored and it will have to be repeated. After successful payment, the IT system of our company will automatically establish the invoice to the address you have specified so please do fill in the billing details carefully. Invoices can only be corrected on payment of an admin fee.

YOU ARE KINDLY REMINDED THAT PARTICIPATION IN LIVE SESSIONS IS ONLY POSSIBLE IF YOU HAVE SUCCESSFULLY PAID BEFORE THE BEGINNING OF THE EVENT.

B. In case of **bank transfer** as per the pro-forma invoice received in the confirmation e-mail, you are kindly requested to transfer the entire amount of the services ordered to our company's bank account. Please add the number of our pro-forma invoice in the message field of your wire transfer form – the invoice will be established to the invoicing address specified by you once we received the amount. We can only send another invoice or amend an invoice on payment of an admin fee. Should the services ordered on registration not be paid in full, our company may deny participation in the event.

Cancellation and repayment

Once the amount was transferred, repayment of your ONLINE registration fee can be effected without penalty till 1st of September 2021, on payment of an admin fee. Penalty after this deadline is 100%.
